RECONSTRUCTIVE

Always You

Heal

What is reconstructive surgery?

Functional performance can be reborn. At Renaissance, we balance the evolved mind of a scientist with the heart and hands of a true artist. This fusion enables us to repair, restore and transform functional form, inspiring new possibilities for a better, more confident future.

Renaissant offers a wide range of functional and reconstructive surgeries and treatments. These are delivered by our dedicated team of specialists who share a passion for pioneering medical advancements that can enhance people's lives.

Together, we'll perform seamlessly to help you overcome your unique challenge to reach your aesthetic health goals. We focus on correcting form and aesthetics, as well as function and mechanics, that will restore your confidence.

We listen with understanding, advise with honesty and explain with genuine empathy. Above all, we deliver a supported journey of care that's always connected to your personal renewal.

Renaissant's surgical and micro-surgical specialists are industry leading in their capabilities and expertise. It's our focus on correcting form and aesthetics, as well as function and mechanics that will restore your confidence.

Hand

Our industry leading team of medical specialists perform a comprehensive range of hand and wrist surgeries and treatments. Using innovative proven techniques we specialise in:

- Fracture repairs
- Soft tissue injury treatments
- Tendon repairs
- Joint replacement
- Amputations

Breast

Breast reconstruction

Employing the very latest reconstructive techniques, our surgical experts can rebuild one or both breasts to closely match your natural shape following a mastectomy.

Skin

Skin cancer removal

Renaissant surgeons are highly experienced in removing and managing cancerous or pre-cancerous skin lesions of all severities. We deliver effective results while minimising scarring.

Always You

Our focus is Always You. In every consultation and every treatment, your uniqueness will be respected and celebrated. Whatever your goals are, we'll guide and support you every step of the way. To start your journey to enhanced aesthetic health, book an initial consultation with one of our dedicated medical professionals.

You'll be welcomed for your consultations in Renaissant's purpose-built, state-of-the-art facility co-designed by medical professionals and architects. Minor reconstructive procedures will be performed in this fully licensed day hospital facility, and larger procedures requiring an overnight stay will be performed in Brisbane's Mater Private Hospital.
